

research week 2010

19-26 August

Have you thought about a career in research? Are you passionate about new ideas that will change the world forever? So are we.

Experience Research Week 2010 at Griffith University's Nathan and Gold Coast campuses. Attend in person or register for the virtual event.

Research Week 2010 is the perfect forum to meet Australia's key researchers, learn about research students' inspiring work, attend public lectures, and explore the life of a researcher.

Griffith University's Research Week 2010 will feature:

- **Talks from Australia's leading academics** on today's most pressing issues, challenges and trends and their fresh ideas for tomorrow (Saturday August 21 at the Nathan campus & Sunday August 22 at the Gold Coast campus).
- **Three Minute Thesis competition** will present the amazing work that our research students are undertaking (August 19 at the Nathan campus).
- **Research alumni dinner** will reunite our Higher Degree by Research graduates during this special week (August 20 at the Gold Coast campus).
- **Workshops and information sessions** for research enthusiasts who want to learn more about a career in research (throughout the week).
- **Meet staff from 35 research centres** and discuss your research area of interest (Saturday August 21 and Sunday August 22)
- **Virtual research week** will allow you to watch videos of key events and chat with staff online (Tuesday August 24 to Thursday August 26).
